COUNCIL TALKS RATE INCREASES

Constantly Increasing Cost of Operating Expenses Makes Such a Step Necessary

PLANS NOT YET WORKED OUT

Visiting Nurse Appears Before The Council in Interest of City Garbage Collection

The city council which meet last night in regular session, held a long business meeting, the main topic of their conversation being the steady increase of prices in the operation of the city water and light plant, and a general discussion was held as to future action that will be necessary in order to keep the plant on a sound financial basis.

Superintendent A. T. Mahin of the plant appeared before the council and stated that every day operating costs were steadily advancing, and that the city would be compelled to increase the charge of its service in order to keep the plant "above water."

He stated that the yearly contract for coal expired the first of this month, and he presented a contract with the mine for another year to supply coal for the plant. In this instance, coal advanced to \$4.10 a ton delivered here, or an increase of 45 cents on the ton. Mr. Mahin explained that this increase in fuel would cost the city an additional sum of \$3,500 a year.

The water and light plant uses on an average of between 15 and 17 tons of coal a day, and when the new equipment is put in operation, more coal will be required.

Labor will also have to be paid higher wages soon, and the cost of everything used about the plant has greatly advanced in price, so that it was the opinion of the city council that a raise in rates will be necessary.

It was generally agreed upon by the councilmen that the biggest loss financially to the city was in the operation of the water system, and not so much in the electric system. Rushville has the lowest minimum water rate of any city in Indiana, of \$1.00 for three months, or a minimum of \$4.00 a year. In many cases a monthly minimum of \$1.00 is taken advantage of by consumers and if an increase is made here, it will most likely be made on the water rates.

The present electric power rate is said to be too low, as at present it is two cents a kilowatt. The consumers rate is ten cents here, as against 12 cents in Connersville, it was pointed out.

The council did not take any action on the increase in rates, but discussed it thoroughly. The method of procedure was also a question, and it was not known whether it would be necessary to petition the public service commission or not, and before the rates are increased, this matter will be taken up in more detail.

Mayor Irvin stated that he was of the opinion that the State Highway Commission would accept the Brookville-Rushville and Indianapolis road, because he had a talk yesterday over the telephone with L. X. Wright, chairman of the commission, who assured him that this road would be accepted without a doubt.

Mr. Irvin did not know that a committee from here had appeared before the commission recently, and he was attempting to arrange a conference with the commission for today, when Mr. Wright called him, and told him that this road would positively be placed on the map.

A petition was presented to the council signed by a committee from the Woman's Council, who requested that the council appoint a woman as a member of the city school board on June 1, when one of the member's time expires. The 1919 acts state that one member of the school board can be a woman.

Miss Ruth Gronier, visiting nurse, appeared before the council and requested that some action be taken by the city in the hauling away of garbage. She told the council that

PREPARATIONS COMPLETED

Interchurch World Movement Mass Meeting to be Held Tomorrow

Preparations are complete for the mass meeting which will be held tomorrow at the First Presbyterian church in the interest of the Interchurch World Movement. It is expected that every Protestant church in the county will be represented by a delegation. John A. Tinsworth of this city will preside at the sessions.

An interdenominational team of four men and women, which is touring this section of the state this week, spending one day in each county, will have charge of the program and explain the movement. Sessions will be held morning, afternoon and evening.

RUSH POST ACCEPTS OFFER OF RED MEN

Lodge Building Will Become Headquarters of the American Legion in Rushville

NO CHARGE FOR USE OF IT

Rush Post 150 of the American Legion has accepted the offer made by the Red Men lodge to take possession of their lodge room and building as a temporary headquarters, and in the future all meetings and business sessions of the American Legion will take place in the Red Men's lodge home in West First street.

A meeting of the executive committee was held recently and plans were discussed for a temporary home for the local post, and at this time the Red Men offered the use of their lodge room, without any expense whatsoever to the Rush Post, and this generous offer was immediately accepted.

The executive committee also decided to contract with a lyceum bureau for a winter entertainment course to be held here next winter, and which will be given under the auspices of the local post. The plan is to secure a varied program consisting of six numbers, during the winter months.

VIOLET HESS GRANTED DIVORCE BY THE COURT

Edna J. Miller is Also Allowed \$7.50 Support Money From Husband, Virgil Miller

NO DECISION IN VOHLAND CASE

Circuit court has been quiet this week as only a few cases of minor importance have come up, and the jury will not be summoned until next Wednesday, when Boaz Demaree goes on trial on the conspiracy charge. In the case for support heard here Saturday, which was filed by Edna J. Miller against Virgil Miller, and which was taken under advisement, Judge Sparks has rendered a decision against the defendant, allowing the plaintiff \$7.50 a week support money for herself and child.

A divorce has also been granted Violet Hess from Earl Hess. This case was heard March 23 and after having the case under advisement, Judge Sparks granted the plaintiff a divorce upon payment of the costs.

The divorce case of Lettie Vohland against Charles Vohland, which was heard Saturday, was taken under advisement by Judge Sparks and no decision has yet been rendered in this case.

PRINCE EDWARD ARRIVES

San Diego, California, April 7.—The British battleship cruiser "Reynow," with Prince Edward of Wales on board, anchored off San Diego harbor shortly after ten o'clock today.

TWO JUMP TO ESCAPE FIRE

Seattle, Wash., April 7.—Two persons were killed here today by leaping from upper floors of the burning Hotel Lincoln.

FARMERS ENROLL IN CORN CONTEST

Five Acre Corn Growing Contest Will be Conducted Again This Year After Success Last Year

50 CONTESTANTS EXPECTED

Prizes Will be Awarded to Those Who Succeed in Growing 75 or More Bushels to Acre

Last year thirty-seven Rush County farmers competed in the Five Acre Corn Growing Contest. It is planned to conduct the contest again this year on a larger scale, with at least 50 contestants enrolled to finish. A number have already signed up for the competition and additional entries are being enrolled daily.

This contest is carried on each year, under the auspices of the Indiana Corn Growers' Association which awards prizes to all contestants who succeed in growing 75 or more bushels to the acre, a bronze medal for a yield of 75 bushels and less than 85 bushels, a silver medal for a yield of 85 to 100 bushels, and a gold medal for a yield of 100 bushels or more.

In addition to the metals local cash prizes are to be awarded to the winners down to fifth place. The Peoples National bank has furnished a silver loving cup which goes to the county winner, in addition to the cash prizes. This cup is awarded annually. In order to become a contestant it is necessary to become a member of the State Corn Growers' Association and abide by a few simple rules which govern the contest. It is not necessary to have a plot of exactly 5 acres in size to become a contestant but the plot must be at least 5 acres. The contestant is given the privilege of selecting the best 5 acres in the field to be judged for yield.

Rules govern the contest may be had by applying at the county agent's office, and anyone interested in entering are invited to place their names with the county agent, or with the township secretaries.

NEXT MEETING TO BE HELD IN GREENSBURG

Officers Are Elected at Semi-Annual Session of Woman's Baptist Missionary Society

ADDRESS BY REV. A. R. RENN

The semi-annual meeting of the Woman's Baptist Missionary society of the Flatrock association was held yesterday in this city at the First Baptist church. The morning session was devoted to reports from officers and an address by Mrs. C. E. Bell of Decatur, Ind. In the afternoon the Rev. A. R. Renn, of Indianapolis, delivered the lecture in the interest of the New World Movement.

The following officers were elected at the business session in the afternoon: President, Mrs. Lora Pryor of Waldron; vice-president, Mrs. C. J. Bunnell of Rushville, secretary, Mrs. Reynolds of Hope; director of literature, Mrs. Ernest Reese of Shelbyville. The next meeting of the association will be held in Greensburg in October.

Republican Statement Shows Subscription Gain

The semi-annual statement of the Daily Republican, which is required of all daily newspapers under a federal statute, shows a gain of 134 subscribers as compared with the sworn statement of October 1, 1919. This is actual net paid subscribers. The total on April 1 was 2854 and last October 1 the net total was 2720. The statement discloses that the Republican is enjoying an ever increasing patronage and that the growth of its subscription list is substantial.

PRECINCTS MAY BE CHANGED BACK

Likely Original 31 Will be Used in Primary Since Women Can't Vote in This State

VERDICT OF STATE BOARD.

County Commissioners Have Authority to Make Change After Establishing 59 New Precincts

It was regarded as probable today, since the state board of election commissioners has decided women can not vote in the state wide primary May 4, that the Rush county board of commissioners would reduce the number of precincts from fifty-nine, which were recently established to take care of the woman vote, to the original thirty-one.

The commissioners had to increase the precincts a given number of days before the primary, and when the last day arrived, it was still unsettled whether the women would have the right of franchise in the primary. They established new precinct boundary lines to meet the situation, but have the authority, since the state commission has decided women can not vote in the primary under the state law, to change the precincts back as they were originally.

There seems to be little prospect that women will be granted the right of franchise under a federal amendment although one more state's vote to ratify the amendment is required.

The verdict of the state board of election commissioners that women are not entitled to vote for presidential electors in the primary, was reached by the state board of election commissioners in Governor Goodrich's office yesterday afternoon.

Ele Stansbury, attorney general, who is not a member of the commission, but through custom serves as the governor's legal adviser on the commission, attended the meeting. Mr. Stansbury left the meeting while it was in progress. He said that he took the position that the 1919 act giving Indiana women the right to vote for president was broad enough to give them the ballot in the presidential primary.

W. W. Spencer, the democratic member and William H. Thompson, republican member of the commission, explained on leaving the session that Governor Goodrich would issue a statement relative to the decision reached. Under the law the governor is the third member of the commission.

The governor said that Mr. Spencer took the position that the Indiana law provided that the women should vote for presidential electors only, and as there are no electors figuring in the primary, the women

COST OF GOVERNMENT SHOULD BE REDUCED

Gov. Frank O. Lowden Says High Cost of Living Can't Be Lessened Until Then

SPEAKS IN INDIANAPOLIS

(By United Press.)

Indianapolis, Ind., April 7.—"High cost of living will exist until the high cost of government is reduced," Governor Frank O. Lowden of Illinois declared here today in campaigning for the republican presidential nomination.

He declared the high cost of living one of the greatest evils today. Taxation has a direct relation to that, the governor stated. He stated that taxes will not be reduced until there is a reduction in the high cost of government.

He pleaded for a business government and the continuance of the work of the Hague peace conference.

Senator Harding in his three day campaigning in this state in behalf of his presidential campaign spoke in Anderson today.

COAL PRICES ADVANCING

Amounts Vary From Few Cents To \$2 or \$3 a Ton

(By United Press.)

New York, April 7.—Retail prices of bituminous coal in many of the larger cities of the country have advanced from a few cents to two or three dollars a ton since April 1 when the miners' increase in wages became effective, according to information gathered by the United Press today.

In several important centers no increases were reported. However, practically all cities where they reported no increases in the price of coal, retailers predicted higher prices as soon as the effect of the wage increase was noticed in the operators' and wholesalers' quotations.

HOME SPECIAL TO BE HERE TONIGHT

CONSISTS OF FIVE COACHES

The Indiana Home Special, sent out from Purdue university for the purpose of explaining how to obtain better home conditions for rural communities, was scheduled to be here tonight from 7:00 to 9:30 and will be open for the public so that people can learn more about the modern methods which may be used on the farm home.

The special train consists of five coaches and is making a month's tour of Indiana. Each coach has something out of the ordinary to show people about the modern methods, such as electric light plants for homes, running water systems and other conveniences which until recently were considered available only in cities.

The special was in Milroy this afternoon, and was expected to arrive here at 4:20 and was to be placed on a switch near the Big Four depot, so that the public can make an inspection of it tonight. There will be nothing to sell, nor will there be any booklets or advertising distributed, as the main object is to show people the modern country home and how it is made.

ALLIES TO DETERMINE POLICY WITH FRANCE

Will Meet in London Tomorrow to Discuss Situation Brought About by Occupation

NEGOTIATIONS ARE LIKELY

(By United Press.)

Washington, April 7.—The United States, Great Britain and Italy will negotiate with France to arrive at a definite policy in connection with the French advance into Germany, it was stated at the state department today.

President Wilson is understood to have the whole matter before him and to have the direct attitude of the United States.

London, April 7.—The supreme council will meet in London tomorrow to consider the situation brought about by the French occupation of the German Rhine cities of Frankfurt, Darmstadt and four others.

At the conference the allies attitude to the Marshal Foch action probably will be determined. For the present the attitude of Great Britain and Italy appeared to be benevolently neutral. It is understood that Italy has stated she will offer France moral support only.

French reports state they were prepared to extend the scope of their occupation if it is considered necessary. In the occupied zone the German people view the move with indifference.

PROPOSE A WOMAN FOR SCHOOL BOARD

Resolutions Adopted by Local Council of Women Are Presented to City Council

WILL BE A VACANCY IN JUNE

Express Belief That Such a Step Would be Advantageous in Conduct of Schools

A resolution adopted by the Rushville Council of Women Monday evening, requesting the appointment of a woman as a member of the city school board, was presented to the city council at the regular meeting last night by a committee composed of Miss Anna L. Bohannon, Mrs. Nellie G. Haves and Mrs. Emma B. Sexton.

There will be a vacancy on the school board in June when the term of Dr. Frank M. Sparks expires, and it is the desire of the Women's Council that a woman be given an opportunity to serve.

Politics, women's rights, the question of woman suffrage or any other issue is not involved in the request made of the city council, it was explained by members of the committee who presented the resolutions, today. It is simply a question of giving a woman an opportunity to serve on the school board because the sentiment among women is that it would be advantageous to the schools.

The topic has been discussed by women's clubs and societies for several years but is the first formal request of this character ever made of the city council. The Council of Women was believed to be the organization which should request the appointment of a woman to the board because it is composed of representatives of all the women's organizations in the city. The resolution follows:

To the Members of the Common Council of the City of Rushville, Indiana:

The undersigned committee appointed at a regular meeting of the Local Council of Women held April 5, 1920 to draft resolutions recommending the appointment of a woman as School Trustee at your regular meeting in the month of June, 1920, would respectfully submit for your consideration the following resolution, unanimously adopted by the said Local Council of Women, to-wit:

To The Members of the Common Council of the City of Rushville, Indiana:

Whereas the statutes of the State of Indiana by an act of the Legislature in the year 1919 provides that one of the board of trustees, consisting of three members, may be a woman, and

Whereas the said statute provides that annually at your regular meeting in the month of June, you shall elect one school trustee, who shall hold said office for three years from the first day of the next succeeding August, and

Whereas we believe that it would be advantageous in the conduct of the schools in securing the best results for the children, the faculty and the community at large to have the benefit of the counsel and sympathy of a woman, who by nature is peculiarly adapted to the care and oversight of children.

Now, therefore, be it resolved, that we the Local Council of Women respectfully request the common council of the City of Rushville, Indiana, to appoint a woman for a member of the school board of our city at their regular session to be held in June, 1920.

GERMAN PLOT UNCOVERED

London, April 7.—A far reaching military conspiracy parallel in importance to the Von Kapp insurrection, has been revealed in Munich a dispatch from Berlin said today. The conspiracy plans makes General Ludendorff the Bavarian dictator.

Run Down Nervous Mothers

Gain Strength Rapidly on Vinol

In her zeal to do all in her power for her loved ones, most mothers overwork and soon get in a nervous, run-down condition. Vinol, the non-secret cod liver and iron tonic, is exactly what she needs to build her up, make her strong and quiet her nerves.

Please be Convinced by this Positive Proof

Duchedom, Tenn. — "I was in a very nervous, run-down condition. I had no appetite and was so weak it seemed almost impossible to keep around and do the housework for my family. A friend told me about Vinol, and I could see an improvement after taking only one bottle, it built me up so rapidly." — Mrs. H. H. GOODWIN.

Decher, — "I used Vinol for a week, nervous condition. I was so weak at times I did not have the strength to do my housework, and could hardly keep around. My druggist recommended Vinol and after taking it for about one month it built me up so I felt stronger and better in every way." — Mrs. HARVEY M. HARDISON.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Your money will be returned if Vinol fails —

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N.Y., for a sample bottle. When writing be sure and mention this paper.

CHICAGO RAIL STRIKE TAKES A SERIOUS TURN

Number of Yard Fireman and Engineers on Chicago and Northwestern Walk Out Today

SYMPATHY WITH SWITCHMEN

(By United Press.)

Chicago, Ill., April 7.—A walkout of a number of yard firemen and engineers on the Chicago and Northwestern railroad today gave a further serious turn to the strike of railroad employees here.

Officials of the Northwestern admitted that some of the firemen and engineers had struck in sympathy with the switchmen, but the number was so small that their places could be easily substituted.

"The train service is only slightly affected," said the officials. "We expect to have the places filled by night."

The walkout was regarded with much significance if it should be followed with an order by leaders of the railroad firemen and engineers to strike in sympathy with the switchmen.

There are 8500 members of the brotherhood and it was considered if a number of the members would walkout, it would provide a serious condition.

STOCK BEING MOVED TODAY

Aldridge Grocery Store Established 33 Years Ago

Robert Holt, who bought the A. L. Aldridge grocery store, took possession yesterday and today was engaged in moving the stock to the room two doors east of the Cutter building, the lower floor of which has been occupied by the Aldridge store since the building was erected. The store was established thirty-three years ago by Mr. Aldridge, who died a few months ago, and was conducted by Mrs. Aldridge after his death. The store was located in the same place for many years previous to the erection of the Cutter building.

LIVE STOCK

CLUB MEMBERS JUDGE STOCK

Contests Conducted to Improve Methods Used in Production and Care of Live Stock.

(Prepared by the United States Department of Agriculture.)

It is almost as important to be able to judge an animal accurately as it is to raise one successfully. If a person does not know what constitutes good points in an animal, he is obliged to rely on someone else's judgment in both buying and selling. That is one reason why boys and girls in the clubs supervised by the department of agriculture and the state agricultural colleges are being trained in stock judging. At the county, state, and interstate fairs, live stock judging contests are conducted and demonstrations given by club members to inter-

Some of the Club Boys Who Are Learning to Judge Stock and Do It Skillfully.

est the public and improve the methods used in the production and care of live stock.

At the Missouri state fair boys' and girls' club teams judged both beef and dairy cattle. In putting on the demonstrations each member had his particular part to do. The captain of the team introduced one member, who gave the history and characteristics of an ideal beef animal and the same for one of dairy type. Another member compared dairy and beef cattle by using an animal exhibited at the fair to illustrate his points. The captain then scored a beef steer, using a large score card that could be read by everyone in the audience. Each point was discussed and the rating of the good and poor features of the animal were pointed out and scored.

At the Interstate fair, at Sioux City, Ia., the Nebraska live stock judging team won first honors in competition with teams from North Dakota, South Dakota, Missouri and Iowa.

The After Effects of Pneumonia

This is No. 2 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Pneumonia attacks the air cells of the lungs. An inflammation is set up and matter is thrown off which causes the air cells to solidify, thus preventing the natural flow of blood thru the lungs. This "backing up" of the blood causes the heart to pump harder, just as stepping on a hose increases the water pressure, which is the reason why, during this disease, the physician watches the overburdened heart so carefully.

After recovery the lungs are filled with a mass of wreckage—the debris of the battle—which must be gotten rid of by a process known as resolution. Frequently, inflamed spots remain, congestion persists, cough hangs on, and the least exposure brings on a cold that is hard to get rid of. If neglected, such damaged air passages may easily develop serious disease of the lungs.

Such cases should always continue under a physician's care and frequent examinations should be made to see that nature is

properly continuing the rebuilding process.

Nightly applications of Vick's VapoRub will aid nature in this work. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 232 Broad Street, Greensboro, N. C.

—Mr. and Mrs. I. L. Endres and daughter Harriet Lee arrived home last night from a motor trip to Peru where they visited relatives.

—Mr. and Mrs. Lloyd A. Smith have returned to their home in Kokomo after a several days visit in this city the guests of Mr. and Mrs. Ed Wolters.

—Mrs. A. L. Riggs and Mrs. Guy Abercrombie were in Indianapolis today attending the meeting which was addressed by Gov. Frank O. Lowden of Illinois.

—Mr. and Mrs. Edwin Shaw returned this morning to their home in Indianapolis, after spending a few days with Mrs. Shaw's parents, Mr. and Mrs. George Craig of this city.

—Corval Casady has arrived from Indianapolis to spend the summer with his aunt, Mrs. J. E. Caldwell, living northeast of the city, while recuperating from an attack of the influenza.

PREDICT DEFEAT OF BILL

Opponents of Universal Military Training Claim Measure Lost

(By United Press.)

Washington, April 7.—Opponents of universal military training today predicted defeat of the army reorganization bill in the senate by a margin of at least five votes.

Ten to twelve republicans will support the democrats in opposing the Wadsworth measure which carried the house, Senator Capper said today.

Senator McKellar, democrat, Tennessee, predicted that only 3 or 4 democrats would support the bill.

LIVE STOCK NOTES

The price of successful lambing is eternal vigilance.

Sows should not be bred to farrow until they are at least twelve months old.

Forage crops furnish the best possible way of cheapening the cost of pork production.

German millet hay, properly cured, is a very good feed for cows but not very satisfactory for horses.

DR. BURKHART

Wants you to write to him today for a treatment of Dr. Burkhardt's Vegetable Compound. Pay for same when cured of Liver, Kidney, Stomach Trouble, Constipation, Catarrh, Rheumatism. Don't miss this grandest of remedies and wonderful preventative for Grip, Flu. Address 621 Main St., Cincinnati, O. For sale at all Drug-Stores. 30-day treatment 25c.—Adv.

CALLS SIMS ATTACK ON NAVY INDISCREET

Admiral Rodman, Commander of Pacific Fleet, Comes to Defense of Navy Department

SAYS NAVY WAS PREPARED

(By United Press.)

Washington, April 7.—Admiral William Sims' charges that the navy was unprepared when America entered the war, were branded as an "ill advised and indiscreet attack to discredit the navy," by Admiral Rodman today.

Rodman who is now commander of the Pacific fleet, was the first witness called in defense of the navy.

"Never have I seen such efficiency and preparedness as obtained at that time," Rodman asserted, referring to the time when America entered the war.

The commander said he was called before the committee to defend the good name of the navy which Sims had attacked.

DELEGATES UNINSTRUCTED

New York, April 7.—New York state's "big four" uninstructed delegation to the Republican national convention rolled over the opposition of William M. Bennett, former state senator, pledged to the candidacy of Senator Hiram W. Johnson of California, in yesterday's presidential primaries, according to virtually complete returns early today.

HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

Only The Hoover lifts the rug and flutters it over 1,000 times a minute on an air cushion

90 Per Cent of All House Dirt Hides in Carpetings!

Only The Hoover thoroughly removes this carpet dirt, the 90% hardest part of house-cleaning. Therein lies the reason why The Hoover is the largest selling electric cleaner in the world.

For The Hoover beats out all nap-wearing, embedded grit which defies sweeping and air suction. The Hoover electrically sweeps up all clinging litter which laughs at air suction. Then The Hoover suctions up this loosened dirt and the surface dirt.

The Hoover performs these three essential operations as speedily and easily as other cleaners merely surface-clean and partially sweep.

Also, with air attachments, The Hoover removes that last 10% of house-dirt which lightly roosts on furniture, draperies, etc.

Popularity, for twelve years, has exceeded Hoover output, forced an ever-increasing production of The Hoover, but in spite of the fact that 3 times as many will be made during this year as last, demand still exceeds the supply. We advise ordering in advance to insure desired delivery.

The HOOVER

IT BEATS... AS IT SWEEPS AS IT CLEANS

SALVATION ARMY IS THRIVING HERE

Capt. J. A. Tench Enumerates Accomplishments During 48 Weeks He Has Been in Rushville

ADVANCES THROUGH WORLD.

Elks, Returned Soldiers and Churches Have Been Liberal in Their Support of Army

By CAPT. J. A. TENCH.

This has been a great year of advance for the Salvation Army throughout the United States, if not throughout the entire world, and the local work has shared in the advancement in no small way. There are many contributing agencies that have helped to make the great one hundred percent movement a possibility.

Chief among these are the returned soldiers, and the Benevolent, Protective Order of Elks, which in many places took entire charge of the last drive of the S. A. put on for their Home Service work. Also too much can not be said about the church, many of whom emptied their treasuries in order to lend a helping hand to push forward the great war against sin. And though we do read of a man that could not get to Christ because of the "press," the press has played a very important part in bringing many people to Christ. (And the Rushville Daily Republican is no exception).

In the past forty-eight weeks, which is the number of weeks that the present officer has been in charge of the work here, there have been 165 conversions, 32 soldiers have been enrolled 18 hours a week have been spent in visitation, 111 open air meetings have been held with an approximate attendance of thirteen thousand people. In the 105 meetings held on Sunday there have been 8,764 in attendance. In the 48 company meetings held 2,803 have attended. A Young People's Legion has been formed, also a Girl's Life Saving Guard, which will in the near future appear in full uniform. A small band is now leading the singing.

COUNCIL TALKS

RATE INCREASES

Continued from Page One
Many other cities employ a man who makes weekly or semi-weekly trips through the city collecting garbage, and is paid by the city on a yearly contract.

Miss Grouner said that waste material is detrimental to the health of the community and encourages the breeding of diseases and unsanitary living conditions. The matter will be taken up the council at a later date.

The mayor's report showed that for the first three months of this year, very little was collected in city court in the way of fines. Forty dollars was turned over to the city treasurer and \$16 to the county treasurer in the quarter that ended March 31.

The council placed their order last night with a representative of

the Eureka Hose company for 350 feet of fire hose, at a cost of \$1.40 a foot or a total of \$490.

227 EAST THIRD STREET

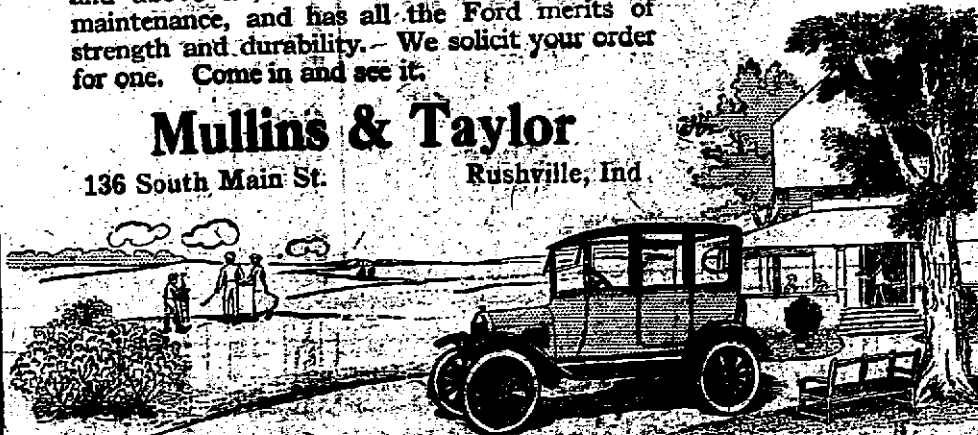

Ford
THE UNIVERSAL CAR

The Ford Sedan with electric starting and lighting system and demountable rims with 3½-inch tires all around, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is ideal for social functions, the theatre, or parties; carrying the children to school, or for touring. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability. We solicit your order for one. Come in and see it.

Essex Wins Oil Land Race

Defeating scores of other cars, an Essex won the right to file the first notice on a section of government land near Choteau, Montana. The occasion of the race was the recent signing of the Oil Leasing Bill by President Wilson. This threw open a tract of government land which was considered valuable because of its oil possibilities.

Throughout that section of Montana great preparations were made to invade the tract the instant it was thrown open to obtain the most valuable locations. It was a case of first come, first served, so a young attorney who wished to file a claim enlisted the aid of Dr. H. J. McGregor, an Essex owner.

When the word came that the bill had been signed, the race began. The Essex was the first car to reach the tract, covering 20 miles of snow covered roads in 30 minutes, thereby gaining oil rights which may be worth a fortune.

BOXLEY PIANO STORE
128 W. Second St. Everything in Music and Records.

Mrs. James Gregg will be hostess for the members of the R. M. C. Club tomorrow evening at 7:30 o'clock at her home in North Harrison street.

The girls of the Life Saving Guard of the Salvation Army will meet tonight at the home of Captain and Mrs. J. A. Tench in West First street. Officers will be installed at this time and a chaplain will also be appointed.

Mr. and Mrs. J. A. Tittsworth entertained with a six o'clock dinner party last evening at their home in North Perkins street. The color scheme used in the decorations was yellow and white and covers were laid for Mr. and Mrs. Louis Lambert, Mr. and Mrs. Orville Zimmer, Mr. and Mrs. Will Brown and Mrs. Florence Lyons.

Mr. and Mrs. George Hay of Gings entertained Sunday with a pitch-in dinner in honor of Mrs. Hay's birthday. The guests were Mr. and Mrs. Earl Snoddy and family, Mr. and Mrs. Bert Snoddy and family of Orange, Mr. and Mrs. A. T. Cloud and family of Raleigh and Mr. and Mrs. Walter Snoddy and son of Connersville.

Fifteen members of the Always Present Class of the Main Street Christian church were entertained by Mrs. Albert Gilbert at the home of Mrs. Earl Mull in West Second street last evening. During the business session much business of importance was transacted. During the social hour which followed the business hour dainty refreshments were served.

The W. R. C. Penny Social was entertained yesterday afternoon at the home of Mrs. Hattie Tremppohl in Buena Vista Avenue. Twenty-five members and one guest were present for the meeting. During the business session nothing of importance was transacted. An interesting program was given after the business hour. The next meeting will be held with Mrs. Ed Spradling.

Two hundred invitations have been issued for the charity card party which will be given by the Tri Kappa sorority at the Social club Friday afternoon. Invitations were sent to many who do not play cards, it is announced, on the theory that they would attend and enjoy the lunch and social hour. The proceeds from the party will go to the Rush County Board of Children's Guardians.

The Loyal Daughters of the Main Street Christian church met last evening at the home of Mrs. C. S. Hester in North Main street. The assisting hostesses were Miss Cornelia Schrieber, Mrs. Roy Perkins and Mrs. Clarence Daubenspeck. Twenty-five members of the class were present for the business session during which work was planned for the year. No special program was given at this meeting, the guests enjoying a social time. Refreshments were served by the hostesses.

Mr. and Mrs. Fred Gross entertained with a delightful Easter and a birthday dinner party Sunday at their home near Manila, honoring the twelfth birthday of their daughter, Miss Katherine. Covers were laid for the following guests: the Misses Mary Brown, Elsie Wein-garth and Helen Wissing. The centerpiece for the table was a large birthday cake adorned with twelve candles. The afternoon was enjoy-

YOUNGSTERS!

Need "Cascarets" when Sick;
Bilious, Constipated.

When your child is bilious, constipated sick or full of gas, the little tongue is coated, head hot and stomach sour, get a box of Cascarets and straighten the little fellow up. Children gladly take these candy cathartics and the mother's liver and bowels without the use of drugs, contain no cathartics, no drugs and can be depended upon to move the sour bile, gases and indigestible waste right out of the bowels. Best family cathartic because it never cramps, sickens or causes inconvenience.

MISS L. MEDORA GERVAIS

Miss L. Medora Gervais of Great Falls, Mont., has gone abroad to aid in the relief work in Armenia and Syria. During the war she was an active worker and was known as the "champion dancer of the A. E. F."

ed with playing games and with music. A delicious supper was also served.

There will be a call-meeting of the Lurline council at the Red Men's hall tomorrow night. All members of the council are urged to be present.

The Woman's Home Missionary Society of the M. E. church will meet with Mrs. Edward Lyons at her home in North Perkins street tomorrow afternoon at 2:30 o'clock.

Mrs. Robert Tompkins, assisted by Mrs. Frank Innis and Mrs. Wood Bishop, entertained eighty-one members of the Ladies Aid Society of the Methodist church yesterday with a pitch-in dinner, at the home of the former in West Seventh street. At one o'clock the delicious repast was served, which was followed by the regular program and business session. During the business hour twelve new members were taken into the society and plans were made to adopt a building fund in the interest of the young people.

PREDICTION BY REP. FLOOD

Ranking Democrat Says Germans Will Not Accept Peace Resolution

Washington, April 7.—Belief that Germany will not accept the peace resolution of the republican house leaders and thus make it ineffective, was expressed today by Representative Flood, ranking democrat on the foreign affairs committee.

Importance was attached to the Flood report because it is believed he has defined the ground upon which President Wilson will veto the peace resolution if it is submitted to him.

ILLINOIS WILL BE NEXT

To Reach Hurdles in Obstacle Race For President Tuesday

New York, April 7.—Illinois will reach the hurdles in the obstacle race for president, next week, when the primary presidential election will be held in that state next Tuesday.

Illinois has its own favorite son in the race for the republican presidential nomination, Governor Frank O. Lowden.

However, Major General Leonard Wood has invaded that state in his spirited campaign for his own endorsement. Johnson and Hoover have made no personal campaign in Illinois.

PRECINCTS MAY BE CHANGED BACK

Continued from Page One
are not permitted, under the law, to vote at the primary. Mr. Thompson concurred in this view, the governor said. It was also held by the commission, the Governor said, that under the present laws there is no machinery provided for the women to vote at the primary.

In places where voting machines are used a double set would be required, as women will not have the right to vote for state and local officials. It will therefore be impracticable for women to vote in Indiana until the suffrage amendment is ratified or until the Indiana laws are changed by some legislative action, he said.

THOMAS H. KUHN'S DEAD

Former Minister and Politician Well Known in This County

The Rev. Thomas H. Kuhn who died yesterday at his home in Fortville, was well known in this city and county, as he had preached on many occasions in almost every Christian church in the county. The Rev. Mr. Kuhn was 63 years old and died after a two years illness following a paralytic stroke. The deceased was also widely known as a politician and orator and in the year of 1906 he was a candidate on the democratic ticket for Congressman from the Sixth district, but was defeated in the fall of that year by James E. Watson, of this city. He also was a democratic candidate for governor, but was defeated by Thomas R. Marshall, who was nominated. The funeral services will be conducted Thursday afternoon at one o'clock at the Fortville Christian church, with interment in the Harlem cemetery, nearby.

City Restaurant, Sunday Dinner 65c 21c

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

ELECTROLYSIS

Removing superfluous hair, moles and other skin blemishes.

SPRING IS HERE BUT ARE YOU READY TO PARTAKE OF PLEASURES OFFERED

Trutona is Daily Winning Unstinted Praise From Hundreds For Overcoming Tired, Draggy "No-Account" Feeling So Prevalent During the Present Season.

Does the coming of Spring with all its pleasures mean anything to you?

"That all depends," may be your answer and admittedly "it all depends"—it all depends upon whether or not your system has withstood the exacting siege of winter that leaves in its wake so many thousands of people with completely run-down systems.

In fact, conspicuously in the minority are those who have completely avoided the ravages of winter maladies. True, there are thousands who were successful in warding off attacks of influenza and still more thousands who escaped pneumonia, but WHO IS THERE THAT DID NOT EXPERIENCE AT LEAST ONE HEAVY WINTER COLD DURING THE PAST SEASON? Remember, only second in severity to pneumonia and influenza, is the heavy winter cough or cold.

Like pneumonia and influenza, winter coughs and colds tend to weaken and materially affect almost every vital organ of the body. People who have suffered a heavy winter cough, yet feel that their systems have escaped the strain of winter weather, are sadly mistaken. If they could but grasp the facts, they would not wonder why they feel so

tired, sluggish lifeless and generally out-of-fix when they know they should be full of pep and vitality, in perfect harmony with the invigorating breezes and sunshiny weather of Spring.

Thousands of people are now taking Trutona, the Perfect Tonic, to overcome this weakened physical condition so prevalent at the close of winter and hundreds of public statements now being made daily, prove that none has been disappointed in Trutona as a reconstructive agency, system purifier and body invigorant.

Trutona does its work quickly. It speedily attacks the impurities in the blood that might, if left alone, bring serious results. It rebuilds broken down tissues, strengthens the nerve centers and produces proper digestion and assimilation of food, at the same time throwing off any decayed matter that may have accumulated.

In short, Trutona thoroughly and efficiently tones up every organ of the body and gives to your physical being the vigor and vitality, which alone can place within your reach the many pleasures which Spring offers to the healthy man and woman.

Trutona is sold in Rushville, at Hargrove & Mullin, Druggists, Adv.

Wrinkled Peas And Pea Wrinkles

(National Garden Bureau)

Just as the wrinkles in a man's brain register his quality, so do the wrinkles in the mature and dried pea seed tell its good or bad character. Round, smooth seeded peas, like many humans, are only good when caught young. The depth of the wrinkles in the pea seed and their number tell of sugar, that the pea has remained sweet during its entire life. The smooth seeded kind were sweet only in their infancy. When they grew old they got tough.

At first all dwarf peas were of the smooth seeded kind. We are indebted to English gardeners for putting the wrinkles into the dwarf class by careful crossing and selection. The dwarf, smooth seeded peas are of delicious quality when picked before they approach maturity. Let them get on the old side and soft wood pellets would be as tasty. But they are hardy and will not rot in the ground as do their more delicate wrinkled relatives. They can even be planted to start the pea crop, but pick them young. That is the whole story of good, extra early, round seeded peas.

There are two names that mean a lot in the pea business, Laxton and Gradus. They signify quality and a pea bearing either title or both, as in the delicious Laxtonian Gradus, as fine a flavored, sugary pea as grows, is to be recommended. Thomas Laxton, Laxton's Superb, Gradus, also known as Prosperity, all are of the highest quality in flavor, size and productiveness, the Gradus type, as most of these giant podded peas are called are ideal peas for the garden and for home canning.

Two of the best known, very early smooth seeded peas are Alaska and Maude S. They are identical except in color of the seeds. Alaska being bluish and Maude S. white. Market Surprise is the latest wrinkle in the very smooth seeded peas. It has larger pods, more peas to the pod and is of better flavor than the older kinds. It is highly recommended.

Now there are a few peas that are partially wrinkled, betwixt and between the older smooth and the later wrinkled varieties. They combine both qualities of hardness and continued sweetness. There are very few of them offered: Laxton's Superb is one of the few now for sale.

American Wonder, an old standby is the dwarfest of the dwarf peas

"Was A Blessing To Me," She Says

Miss Littlefield Gained Twenty Pounds by Taking Tanlac

"Tanlac has certainly been a blessing to me for since taking it I am not only enjoying better health than I have in years, but have gained twenty pounds in weight," said Miss Ida Littlefield, 327 East Second Street, Galesburg, Ill., recently.

"I had suffered so much and so long," she continued, "I had almost given up hope of ever seeing another well day. I could hardly eat a thing without bloating all up with sour gas and having such spells of palpitation of the heart and cramping pains I could hardly stand it. I have often seen the time when in five minutes after eating I was in so much misery that I would have to go and lie down and I just dreaded to eat on account of the suffering it caused me. My kidneys were also out of order, and my back pained me fearfully and I was often confined to my bed for two or three weeks at a time. Many a night I have stayed awake half the night with my back hurting me so I couldn't sleep, and the next day I would be almost wild with the headache."

"No one will ever know how badly I have really suffered, for words can't describe it, but thanks to Tanlac all my troubles have disappeared. I just feel as well and as much like work as I did thirty years ago. I am eating three hearty meals a day and enjoy them all and never feel a sign of indigestion. Why, I am just like an entirely different person, for I haven't an ache or pain of any kind. I feel so grateful for what Tanlac has done for me I want to tell everybody about it, as it may be the cause of some one being benefited as I was."

Tanlac is sold in Rushville by F. B. Johnson & Co., in Milroy by Dallas Copper, in Manila by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, and in Castage by Otto C. McGinnis. (Adv.)

growing only a foot high. The Gradus types trail up to 30 inches. They need more room between rows.

Peas germinate more quickly when soaked over night before planting.

Peas picked in the morning are sweeter when cooked than those picked during the hotter hours. The latter offer will be tough and lack flavor when an early picking from the same vines is entirely superior. They may be kept cool and shelled just before cooking without much loss of flavor. The time of picking makes a big difference. Picked at night and kept over till the next day, there is a pronounced loss of sugar content and flavor.

French peas, petits pois, so sweet and expensive when encountered in canned form, are well worth growing. They are usually found under the title of "French Canner". They are a brush pea, heavy bearing, with long, slender pods, sometimes containing as many as ten peas, but averaging around eight. They must be picked young to secure the delicious flavor whether to be eaten fresh from the garden or canned for winter use.

Giant podded dwarfs are the latest development in peas. Laxtonian Gradus is an example, and its rival, Pioneer, which succeeds better in some localities than Laxtonian Gradus, is another. They have the same big pods as the tall or brush peas.

Gradus, Telephone, and Champion of England are the best of the standard later crop varieties, and planted in this order furnish a good succession, one following the other in maturing. They need brush or chicken wire support.

Peas should stand three-quarters of an inch apart in the rows. A lot of pea seed is wasted by too thick planting.

Alaska, American Wonder, Laxtonian Gradus is a good early dwarf succession.

ALDERMEN ELECTION HELD

Establishes a New Record For Size in Chicago Politics

Chicago, April 6—Supplementary aldermanic elections to fill ten vacancies in the city council were held here today.

The election established a new record in Chicago politics. It was the smallest ever held.

The election is called under the non-partisan election law a supplementary election. These contests are supplementary in that those wards which did not give some candidate a majority vote at the February elections will choose their council representatives.

3 ADDITIONS TO CHURCH

The revival services at the Methodist church in Arlington are progressing well. A large men's chorus led the singing Monday night and the women are to lead one night soon. People have been coming from as far as Knightstown, and some from ten miles south of Arlington. There have been accessions to the church daily except the first three nights. Evangelists Mr. and Mrs. Harry Ross are giving all their power and skill to the work.

HOW'S YOUR BLOOD?
Pimples and Eruptions
Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks, such as Doctor Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulations begin to separate in the blood and are then expelled through the eliminative organs.

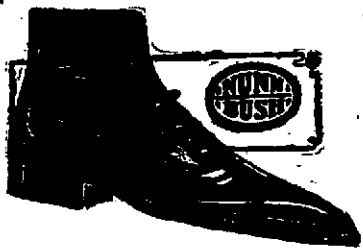

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and many skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Doctor Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c. for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Write Dr. Pierce for free confidential medical advice or for free booklet on any chronic disease.

Grand Rapids, Wis.—"I had stomach trouble for about eight years. Had to be very careful what I would eat or I would be down sick. I suffered something terrible about a year ago. I started to take 'Golden Medical Discovery' and two bottles put me in fine condition. I can eat anything and do not feel distressed. I had taken many medicines previous to this and had doctors prescribe for me, but nothing seemed to give me any relief."—MRS. EMIL OESTREICH, 212 14th Ave., North.

FARM LOSS FROM
INSECTS GROWS

Appeals Made to Citizens to Awaken
to Vital Importance of Birds as
Their Friends

BIRDS ARE CHIEF ENEMIES.

Every Economic Point of View
Shows Necessity to Increase In-
sectivorous Bird Life

Indianapolis, Ind., April 6—It is evident to even the casual observer that, in spite of the improved methods of fighting insects, the aggregate loss to farm and fruit crops, garden and truck patches, from this source increases in proportion as the land under cultivation increases. Insect-ivorous birds, largely decimated thru cutting of forests and consequent elimination of natural sanctuaries are the chief enemies of insect pests. If they can be induced to return and propagate thru a systematic campaign of providing suitable environment, they will greatly reduce this loss in agricultural and horticultural pursuit, is the contention of The Department of Conservation, which appeals to citizens generally to awaken to the vital importance of birds as the major friends of the husbandryman.

A few years ago Dr. James Fletcher, in his annual address as president of the Society of Economic Entomology, in Washington, stated that the agricultural products of the United States were then estimated at about three billion, eight hundred million dollars. It was believed that a sum equal to about one-tenth of this amount, or three hundred and eighty million dollars was lost annually through ravages of injurious insects. He estimated an annual loss of eighty million dollars each year as a result of depredations of insects. The injury to the hay crop was estimated at five hundred and thirty thousand dollars, while the codling moth alone is believed to injure fruit crops to the amount of twenty million dollars annually.

In view of increased agricultural areas and more intensive farming since Dr. Fletcher's statement, it is reasonable to believe that crop destruction due to insects has materially increased. Therefore does it not appear feasible from every economic point of view that the time is most opportune for a concerted effort to increase insectivorous bird life in Indiana?

Ice Cream, Demands Juror,
Morning, Noon and Night

By M. D. TRACY
(U. P. Staff Correspondent.)

Tombstone, Ariz., April 6—"I got to have another of the cornucopias," impatiently remarked an elderly gentleman to the keeper of Tombstone's only soda fountain located in Tombstone's combination drug store, cabaret, concert hall, news stand and cigar emporium.

"If that old fellow don't quit chasing me over here after cornucopias he's going to 'founder hisself,'" the elderly gentleman went on.

It was a baliff carrying out the court's instructions with regard to the care of the Bisbee "deportation" jury.

"You gentlemen are to see that every want of these jurors is filled," was what Judge Sam Pattee had told the three bailiffs the night he ordered the cowboy jury locked up for the remainder of the historic trial in which it is sitting.

Those orders were a signal for every juror to satisfy the least whim he had developed in long dreary months of riding ranges and facing the wind, sun, and sand of the desert.

With one man the chief demand had been for talem after a shave. Another is forcing the county to furnish him with a luxurious hand-soap which contains olive oil as a relief from the brand purchasable at the crossroads grocery.

But with one juror the demand is for ice cream cones. Who the dissipating member of the jury is, no one can tell, but that does not alter the fact that all Tombstone knows his fating for vanilla ice cream.

Just before court convened in the morning a baliff makes a hurry call at the soda fountain.

"One of them vanilla cornucopias," he says.

At noon he appears again. And twice in the evening—before and after the movie show—its "ice cream cones for one" and the baliff disappears behind the swinging doors of the courtroom.

Miss Rita Gilson is improving from a serious illness at her home in North Arthur street.

If there's any one thing, more than another, that the average American family likes in a motor car, it is reliability.

We sometimes think that this is the real secret of the tremendous hold which the Hupmobile has on the American people.

That seems to be the thing they settle on in summing up why they so much admire the car.

She Couldn't Do A Bit Of Work 2 Months

Ailing and Run Down But Vola-Tonic Brought Back Strength

Mrs. E. M. Smith, 2518 Gilbert avenue, Cincinnati, suffered with her stomach two years and got so bad recently that she wasn't able to do any of her housework for two months.

"I took Vola-Tonic and now I am a great deal better," Mrs. Smith said. "I was in such bad condition before I took Vola-Tonic that I could hardly keep food on my stomach at all. I had headaches all the time, too, and I was very nervous."

"For two months recently I felt so badly that I wasn't able to do any of my housework."

"Then I started taking Vola-Tonic. I hadn't taken more than a few doses of Vola-Tonic until I could see results."

"I continued taking Vola-Tonic and now my stomach is in much better condition and my nerves are about normal. I am much stronger than before, also."

"I know I have derived a great deal of benefit from taking Vola-Tonic and I want to recommend this medicine to everybody who feels weak and run down and needs more strength."

Strength depends upon the stomach to a large extent. Let the stomach get out of order and you get out of order all over. To keep strong, your stomach must properly digest food and take nutrition from it to nourish the organs and tissues of your body. If the stomach fails and nutrition is lacking the organs become ailing and tissues break down. Then weakness gradually comes.

Vola-Tonic, "Builder of Strength" puts the stomach in good condition. It also brings a good appetite, good blood, and good nerves and thus brings strength and better health to the weakened, run down man or woman.

Vola-Tonic is being specially introduced in Rushville at Frank E. Wolcott's. adv.

EXTRAORDINARY FILM TO BE SHOWN FRIDAY

Six Reel Production of "Alice in Wonderland" Will be Presented at Graham Annex Auditorium

PROCEEDS FOR CITY SCHOOLS

"Alice in Wonderland," adapted from the story of the same title of the \$50,000 six reel film production which will be shown at the Graham Annex auditorium next Friday afternoon and evening under the auspices of the city schools. School children of the city will be admitted in the afternoon for five cents and in the evening the admission will be ten cents. The proceeds will go to a child welfare fund being established by the schools. The doors will be open at 7 p. m.

That the picture is a high class attraction may be realized from the fact that it was shown in Carnegie hall, New York City, last Monday afternoon at a benefit performance for Bryn Mawr college's endowment fund. The prices of seats ranged from \$2 to as high as \$50 for boxes.

Alice and all her dreamland companions are brought to life, including the white rabbit, the blue caterpillar, the mad hatter, the cheshire cat, the sleepy dormouse, the mock turtle, the owl twins, the March hare, the huge lobsters, the gryphon, humpty dumpty, the walrus, the jabberwock, and last but not least, Tweedle-Dee and Tweedle-Dum.

TO STABILIZE STANDARD

International Mining Convention Meets Today For 4-Day Session

(By United Press.) Seattle, Wash., April 7.—Stabilization of the gold standard, to the end that mining in Alaska and the northwest may again be conducted at a profit to mining, financial and general business interest, will be considered at the International Mining convention which met here today for a four-day session.

The exhibit of ore and mining machinery is one of the most extensive ever assembled in the northwest. More than 1,500 delegates from the far northwest, western Canada and Alaska are attending. The convention is conducted under the joint auspices of the Puget Sound section of the American Institute and Metallurgical Engineers and the Seattle chamber of commerce.

M. E. CONFERENCE OPENS

Historical Pilgrimage to Centerville To Be Feature of Session

(By United Press.) Richmond, Ind., April 7.—An "historical pilgrimage" to Centerville, will feature the annual session of the Northern Indiana Conference of the Methodist Episcopal church, which opened here today. Centerville is the birthplace of the North Indiana Conference.

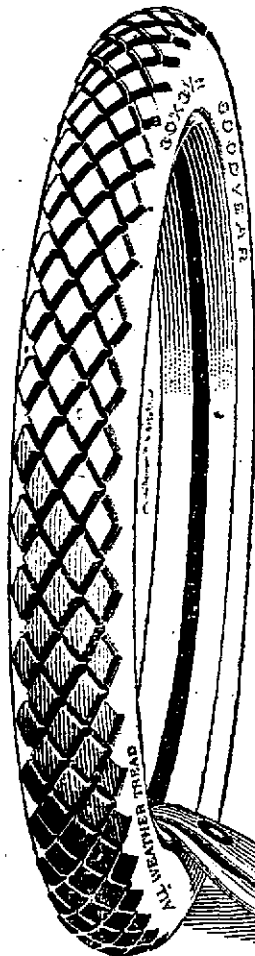

The ancient brick church where more than half a century ago leader of Methodism in Indiana formed the conference that embraces the northern part of the state, has undergone few changes.

More than one hundred automobiles were to carry five hundred ministers to Centerville.

TO PROBE PICKFORD DIVORCE

Carson City, Nevada, April 7.—Any doubt that thorough investigation is in store for Mary Pickford's divorce decree was removed today when Judge Langan who granted the divorce, appeared at the office of Attorney General Fowler and announced he would demand the appointment of a special committee to investigate the whole matter.

Goodyear Advantages in Tires for the Smaller Cars

Just as Goodyear is successful in building extreme value into the Goodyear Tires that go on the highest-priced motor cars, so is Goodyear successful in supplying unusual worth in Goodyear Tires for smaller cars.

Into the making of Goodyear Tires in the 30x3-, 30x3½-, and 31x4-inch sizes have gone the full advantages of Goodyear experience, skill and modern facilities.

The results of this unusual endeavor are easily available to every owner of a Ford, Chevrolet, Dort, Maxwell, or any other car requiring the sizes mentioned.

Go to the nearest Goodyear Service Station Dealer's place of business for these tires, and Goodyear Heavy Tourist Tubes. He carries them in stock.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread..... \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag..... \$4.50

"Exide" Battery Service

If your starting battery is beyond repair we tell you so.
If, on the other hand, an examination shows that it would pay you to have it repaired, we will give you a first-class job and the same attention that you would receive if you were buying a new battery.

ROADS NEED \$420,720,000

Washington, April 7.—Revised estimates of the appropriations necessary to wind up the control of railroad administration, which were submitted to congress, totalled \$420,720,000. The amount was reduced from \$436,000,000 by elimination of the estimate of claims that the government may have to pay the railroads.

City Restaurant, Sunday Dinner 65c 2114

SENT TO DECATUR COUNTY.

A change of venue from Shelby county was granted by Judge Blair in the suit of the O'Neal Bros., of Rushville, against the Marshall Bros' Company of Shelbyville on an infringement of territory in which the plaintiffs demand \$600 damages. The motion was filed by the plaintiffs and the suit was sent to Decatur county. The plaintiffs charge that the Shelbyville auto dealers sold cars in territory covered by a contract held by them.
